New Orleans Personal Computer Club

Why NOPCC ?

Founded in 1981 and a Louisiana non-profit organization, NOPCC is composed of individual personal computer users who help each other learn more about their personal computers and the wide variety of applications.

Who Should be a NOPCC Member ?

Friends & neighbors with PCs. If you own or are considering the purchase of a personal computer, you will find NOPCC meetings invaluable with opportunities to exchange information on a personal level. Our classroom style presentations enhance the learning experience.

What are the benefits of Membership?

Monthly Meetings

Our general meetings highlight topics of current interest and the latest developments in the PC industry. We focus the meetings on how new technology affects our members. Members are led in formal discussions aimed at solving common problems and are encouraged to participate in an open exchange of information. At the end of each formal presentation by a software or hardware vendor, all in attendance are eligible for free software giveaways. Members are afforded substantial discounts on purchase of the latest software from vendors. Annually in

the past, we have hosted meetings with speakers from Microsoft, Intel, Corel, Symantec, IBM and many other major power in the PC industry. Each meeting concludes with an open auction of PC hardware and software brought in by members.

Monthly Newsletter

Our monthly newsletter, *The MotherBoard*, contains helpful hints, new product reviews, humor and articles of interest written by members and outside sources alike. We publish a calendar of events highlighting dates and times of our general meeting, the Special Interest Group (SIG) meetings and other significant PC happenings locally.

Special Interest Groups

NOPCC provides a forum for smaller groups with specific interests to meet in an informal but sponsored setting. SIGs as they are called, meet regularly during each month and their schedule is published in advance. Refer to the Calendar of Events on the NOPCC Web Site for a list of scheduled SIGs.

NOPCC Help Group

The NOPCC has a Help Group on Yahoo. It provides a contact point for members to submit help request to all other club members for assistance resolving computer problems. Copy this link to your browser to access this group.

Advertising

Advertising space is available in the Monthly Newsletter and on the Club's Web site. Contact the Club's Treasurer via e-Mail at treasurer@nopcc.org.

NOPCC Web Page:

[HTTP://WWW.NOPC.ORG](http://www.nopc.org)

The NOPCC Web site provides members with many valuable services. They keep up to date on the club's activities by visiting the club's web site <http://www.nopc.org>. Members can download the current and back issues of the newsletter to their home computers and read or print them as they wish. Links to outside points of interest and other PC clubs are provided free of charge by our Webmaster.

Telephone Hotline:

(504) 887-5746

Our hotline operates 24/7/365. If there is no answer, please leave your name, telephone number, and a brief reason for your call and the club's Hotline Operator will return your call as soon as possible.
